

Burnable Trash

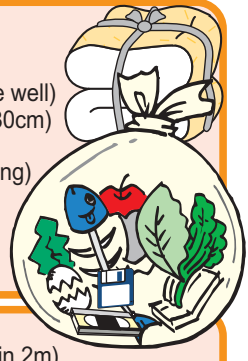

- paper waste, kitchen garbage (drainwater from garbage well)
- carpet, rug (under two tatami mat size, about 180cm x 180cm)
- futon (tie small together)
- branches, woods (within 10cm in diameter and 60cm long)
- diapers (disposing little by little without saving)
- other burning garbage (within 60cm long)

Only use a transparent or translucent trash bag.

Pruned branches

- branches, trunks, roots, woods (within 2m)

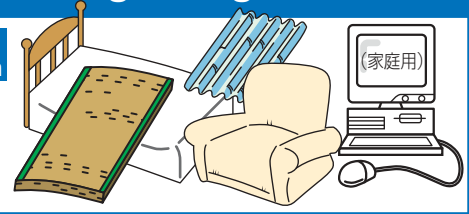

As a recycling, pruned branches are taken directly to Recyclers on your own, not are taken to the Oizumi cleaning "seisou" center.
 ※ Ask Environment Division about Recyclers beforehand.

Do not put these at the "garbage site"

Goods that must be taken to the cleaning "seisou" center on your own

- bureaus and other furniture
- tatami
- chairs sofas, etc
- home-use PCs
- beds
- other oversized trash (over 60cm)

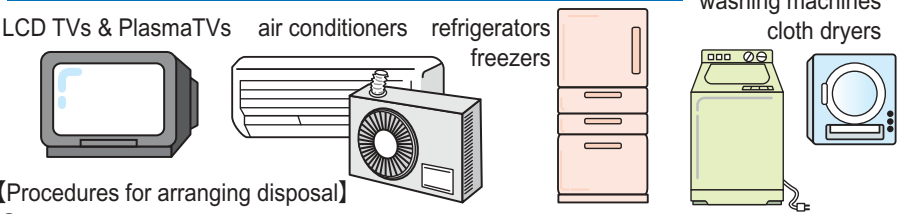

Ask a scrap dealer to take these

- soil and stones
- engines
- boilers
- farming tools
- machine oils
- fire extinguisher
- car batteries
- other special waste

4 home appliances ("Home Appliance Recycling Law" Items)

【Procedures for arranging disposal】

- ① Request pickup by appliance store (requires recycling and transportation fee)
- ② Request services from disposal specialist approved by the town (requires recycling and transportation fee)
- ③ A recycling fee (paid at the post office beforehand) is required for these directly taking items to specified companies
